## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 53-56 are rejected under 35 U.S.C. 102(b) as being anticipated by Richards (US 3,135,319).

Richard discloses a casting roller having a roll core with elevations and depressions, an annular roll shell which surrounds the core having inner lateral surface opposite the outer lateral surface of the core. Both the shell and core are shrink-fitted, wherein the temperature during shrinkfitting requires the shell temperature higher than the roll core (col. 2, lines 32-55).

### ***Allowable Subject Matter***

3. Claims 1, 3, 4, 6-19, 23-52 are allowed.
